

We NEED You!

Become a Lacrosse Referee NOW

The Georgia Lacrosse Officials Association assigns the vast majority of high school officials in the state, as well as most of adult and youth games and tournaments throughout the year. The GLOA is committed to meeting the demand for professional well-trained officials, but in order to keep pace with the growth of the sport, we need to recruit over 70 new officials for the 2016 season. Training begins in August for the 2016 season. Visit galaxref.com for details.

No Experience Necessary

While having the played the sport is helpful, no lacrosse experience is necessary. Some of our best officials did not grow up playing or watching the sport. Officials from other sports are highly encouraged to join!

GLOA has a nationally recognized training program; learn from experienced teachers in the classroom and work with veteran officials on the field.

Contact Bill Powell or Greg Hite at recruiting@galaxref.com for more information.
